**NOTICE OF PUBLIC COMMENT PERIOD REGARDING AN
APPLICATION FOR A PERMIT TO CONSTRUCT AND OPERATE
AN AIR POLLUTION-EMITTING SOURCE**

PROPOSED ACTION: Interstate Concrete and Asphalt, Coeur d'Alene, Idaho has applied to the Department of Environmental Quality (DEQ) for a permit to construct and operate an air pollution-emitting source initially located on U.S. Highway 2, approximately 2 miles west of Dover, Idaho, on the north side of the highway. DEQ has determined that construction and operation according to the proposed permit will not cause or significantly contribute to a violation of any ambient air quality standard and will not injure or unreasonably affect human or animal life or vegetation. DEQ has reviewed the application and completed an analysis of the information submitted by the applicant to construct a portable concrete batch plant. Based on this analysis, DEQ proposes to issue the permit to construct to Interstate Concrete and Asphalt.

PUBLIC COMMENT PERIOD: Notice is given that the DEQ has scheduled a period to receive public comments under Docket No. AQ - 0715, Project No. P-2007.0034 concerning the air quality aspects of the project application and the proposed permit in accordance with IDAPA 58.01.01.209. The application materials, the proposed permit and Statement of Basis are available for public review on DEQ's website at <http://www.deq.idaho.gov>.

Anyone may submit written comment regarding the project and proposed permit. To be most effective, comments should address air quality considerations and include supporting materials where available. Comments, requests, and questions regarding the public comment process should be directed to Joan Lechtenberg, Department of Environmental Quality, 1410 N. Hilton, Boise, Idaho 83706-1255; joan.lechtenberg@deq.idaho.gov; or on DEQ's website. Please reference the company name and docket number when sending comments or questions.
